

CITY OF LODI

COUNCIL COMMUNICATION

AGENDA TITLE: Public Hearing to consider the Planning Commission's recommendation that the City Council adopt the Growth Management Allocations for 1999

MEETING DATE: December 15, 1999

PREPARED BY: Community Development Director

RECOMMENDED ACTION: That the City Council adopt the Planning Commission's recommendation that the City Council approve the 1999 Growth Management Allocations.

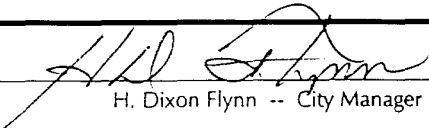

BACKGROUND INFORMATION: Each year the City has the ability to award residential building permits for a projected 2% growth in population for the current year. Based on a population of 56,926 as of January 1, 1999, the City has 424 residential building permits to allocate this year. Of the 424 permits, 65% or 276 are for single-family residential units, 10% or 42 are for medium-density residential units such as duplexes and townhouses, and 25% or 106 are for high-density residential units such as apartments.

This year is somewhat different than previous years in that staff only received one application under the growth management schedule from the Century Meadows IV project for 17 building permit allocations. In previous years, there have been multiple applications and some level of competition for said allocations. Given the current scenario, there are more allocations available than what are being requested and no competition.

Century Meadows IV is located at 2360 West Century Boulevard on the south west corner of Century Boulevard and Mills Avenue. The proposed 29.85 acre subdivision contains 137 residential lots at a density of 4.6 units per acre. The average lot size in this proposed subdivision approximates 6,350 square-feet; however there are also 10 very large (10,000 square-feet or over) irregularly shaped cul-de-sac lots in the development. The minimum lot size in the R-2 zone is 5,000 square-feet with a lot width of at least 50 feet. Duplexes are allowed on corner lots provided the lot is a minimum of 6,000 square-feet with a lot width of 60. This development plan was awarded 120 growth management allocations between 1989 and 1992. As you can see on the "Staff Recommended Building Permit Allocation Schedule", the applicant has requested 17 single-family allocations to enable them to build an additional 17 lots.

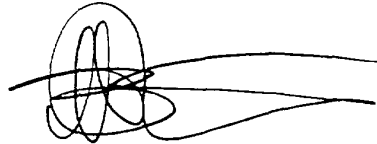

The additional 17 lots are the result of Planning, Public Works, and Parks and Recreation staff working with the applicant to redesign the subdivision in 1998. The new layout of the development focused on relocating the 4.5 acre neighborhood park site, from the corner of Mills Avenue and Century Boulevard to the upland portion of the future DeBenedetti Park, directly adjacent on the west side.

APPROVED: _____

H. Dixon Flynn -- City Manager

Originally, Century Meadows IV was divided into two (2) units, one consisting of 87 lots and the other consisting of 33 lots and the park. Both phases taken together equal 120 lots, hence the 120 building permit allocations previously awarded to the project. By relocating the park, the developer was able to add an additional 17 single family lots, for a total of 137.

FUNDING: None required

A handwritten signature in black ink, consisting of a series of loops and a long horizontal stroke extending to the right.

MEMORANDUM, City of Lodi, Community Development Department

To: Planning Commission
From: Community Development Department
Date: October 27, 1999
Subject: Growth Management Development Plan Review and Awarding of Building Permit Allocations for Century Meadows IV

SUMMARY

This year is different than year's past in that staff is bringing only one project for the Commission's consideration. As such, there are more allocations available than what are being requested. While the project has been scored according to our scoring criteria, there is no competition from other projects.

Century Meadows IV is located at 2360 West Century Boulevard on the south west corner of Century Boulevard and Mills Avenue. The proposed 29.85 acre subdivision contains 137 residential lots at a density of 4.6 units per acre. The average lot size in this proposed subdivision approximates 6,350 square-feet; however there are also 10 very large (10,000 square-feet or over) irregularly shaped cul-de-sac lots in the development. The minimum lot size in the R-2 zone is 5,000 square-feet with a lot width of at least 50 feet. Duplexes are allowed on corner lots provided the lot is a minimum of 6,000 square-feet with a lot width of 60 feet.

This development plan was awarded 120 growth management allocations between 1989 and 1992. As you can see on the "Staff Recommended Building Permit Allocation Schedule", the applicant has requested 17 single-family allocations to enable them to build the additional 17 lots.

BACKGROUND

Originally, Century Meadows IV was divided into two (2) units. The first unit, approved by the City in 1992, incorporated 87 single-family lots and a neighborhood park at the corner of Century Boulevard and Mills Avenue. The second unit of Century Meadows IV, containing 33 single-family lots, was then approved by the Planning Commission in 1994. Both phases taken together equal 120 units, hence the 120 building permit allocations awarded to the project.

In 1998, the property owner resubmitted a new Tentative Map application for Unit I of this development. Since the Tentative Map for Unit 2 was coming up for expiration, the property owner asked to take both units back to the Planning Commission for consideration at the same time. It was at this point, in late 1998, that Planning Staff, in conjunction with Public Works and Parks and Recreation, completed a reevaluation of the subdivision design.

The biggest change in the subdivision is the relocation of the previously proposed 4.5 acre neighborhood park site, previously located on the corner of Mills Avenue and Century Boulevard. The Lodi Parks and Recreation Commission decided that the best course of action was to incorporate neighborhood park features into the upland portion of the future DeBenedetti

Park, directly adjacent on the west side. The Planning Commission also required the project to incorporate our new street standards, including landscaped parkways as a condition of approval.

As a result of staff and the developer working together on the redesign of this subdivision, the current Century Meadows IV (now without multiple units), is proposed with 137 lots. The Tentative Map for Century Meadows IV was approved by the Planning Commission on June 23, 1999.

ANALYSIS

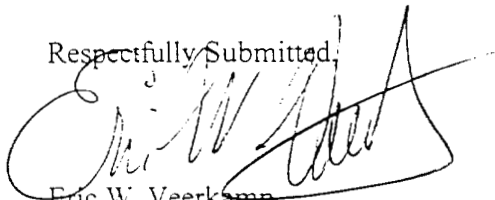

The City has established a residential growth cap of a 2% population increase per year. In order to provide adequate housing for this projected increase, the City awards residential building permit allocations to project applicants. In order for a developer to receive these allocations they must make an application which includes a development plan. The development plans are reviewed by staff (Community Development, Public Works, Fire, etc.) for their ability to meet basic engineering, zoning, and land use requirements. The City has a limit on the amount of building permits that can be allocated, and for this reason the projects are competitively scored on 13 different criteria. Criteria are based primarily on a proposed project's location to existing City services. Projects scoring highest may receive a greater recommendation or what can amount to a higher number of allocations than lower scoring projects (Refer to City of Lodi Residential Growth Management Schedule).

Each year the City allocates residential building permits for a projected 2% growth in population for the current year. Based on a population of 56,926 as of January, 1999 and a figure of 2.695 persons per household, the City has 424 residential building permits to allocate. Of the 424 permits, 65% or 276 are for single-family residential units, 10% or 42 are for medium-density residential units such as duplexes and townhouses, and 25% or 106 are for high-density residential units such as apartments. If the applicant is awarded the requested 17 building permit allocations, this will leave 259 low density single family residential units to carry over into next year. All of the medium density and high density units would also carry over into next year.

RECOMMENDATION

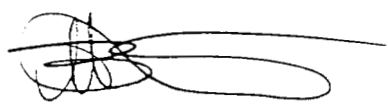

Staff recommends that the Planning Commission approve the Growth Management Development Plan and Awarding of Building Permit Allocations for Century Meadows IV.

Respectfully Submitted,

Eric W. Veerkamp
Associate Planner

Reviewed and Concur,

Konrad Bartlam
Community Development Director

RESOLUTION NO. P.C. 99-_____

**A RESOLUTION OF THE PLANNING COMMISSION OF THE CITY OF LODI
RECOMMENDING APPROVAL TO THE CITY COUNCIL OF THE BUILDING
PERMIT ALLOCATION SCHEDULE FOR 1999.**

WHEREAS, the Planning Commission of the City of Lodi has heretofore held a duly noticed meeting on the Growth Management Development Plan Allocation Schedule which includes Growth Management Application Number GM-99-02, in accordance with City Ordinance number 1521, and Resolution number 91-171.

WHEREAS, the project areas are made up of the following properties:
2360 West Century Blvd.

WHEREAS, all legal prerequisites to the approval of this request have occurred.

NOW, THEREFORE, BE IT RESOLVED by the Planning Commission of the City of Lodi as follows:

1. Negative Declarations have been prepared in compliance with the California Environmental Quality Act of 1970, as amended, and the Guidelines provided thereunder. Further, the Commission has reviewed and considered the information contained in these Negative Declarations with respect to the projects identified in this Resolution.
2. The Planning Commission hereby recommends to the City Council, approval of a resolution adopting the Building Permit Allocation Schedule 1999 as identified in this Resolution.

Dated: _____

I hereby certify that Resolution No. _____ was passed and adopted by the Planning Commission of the City of Lodi at a regular meeting held on _____, by the following vote:

NOTICE OF PUBLIC HEARING

NOTICE IS HEREBY GIVEN that on **Wednesday, December 15, 1999** at the hour of 7:00 p.m., or as soon thereafter as the matter may be heard, the City Council will conduct a Public Hearing to consider the following matter:

- a) Planning Commission's recommendation that the City Council adopt the 1999 Growth Management Allocations.

Information regarding this item may be obtained in the office of the Community Development Department Director, 221 West Pine Street, Lodi, California. All interested persons are invited to present their views and comments on this matter. Written statements may be filed with the City Clerk at any time prior to the hearing scheduled herein, and oral statements may be made at said hearing.

If you challenge the subject matter in court, you may be limited to raising only those issues you or someone else raised at the Public Hearing described in this notice or in written correspondence delivered to the City Clerk, 221 West Pine Street, at or prior to the Public Hearing.

By Order of the Lodi City Council:

Alice M. Reimche
City Clerk

Dated: **November 17, 1999**

Approved as to form:

Randall A. Hays
City Attorney
